Southfield, Michigan 48075-2321

Dear Tahir Sharif:

The Centers for Medicare and Medicaid Services has accepted your request for participation as a home health agency in the Medicare program (Title XVIII of the Social Security Act) based on accreditation by the Community Health Accreditation Program (CHAP). Your effective date of participation is February 28, 2013. A copy of the completed agreement is enclosed for your records.

Your National Provider Identifier (NPI) is your primary identifier for all health insurance billing. The NPI should be entered on all forms and correspondence relating to the Medicare program. In addition, you have been assigned the CMS Certification Number (CCN) shown above; please provide it when contacting this office, when contacting the State agency, or any time it is requested. National Government Services has been authorized to process your Medicare claims.

When you make general inquiries to your fiscal intermediary (FI) and/or Medicare Administrative Contractor (MAC), you will be prompted to give either your provider transaction access number (PTAN) or CCN. These identification numbers are used as authentication elements when inquiring about beneficiary- and claim-specific information. When prompted for your PTAN, give your CCN.

Federal regulation 42 CFR §424.22(d) sets limitations on the performance of certification and plan of treatment functions. A need for home health agency services to be provided by an HHA may not be certified or recertified and a plan of treatment may not be established and reviewed by any physician who has a significant ownership interest in, or a significant financial or contractual relationship with, that HHA.

This Medicare certification is contingent upon compliance with the Office for Civil Rights (OCR) requirements. If OCR approval is not obtained, reimbursement will be recouped as of the effective date of this provider agreement. You will be contacted again only if the necessary approval is not granted by OCR.

Your agency is approved to provide the following services: skilled nursing services, physical therapy, occupational therapy, speech therapy, medical social worker and home health aide services.
