Personal Profile

: I am responsible, honest, motivated, hard working and enthusiastic, excellent communication and interpersonal skills, and appreciate a multi-cultural lifestyle. I enjoy the academic and clinical atmosphere, patient interactions and committed to safe clinical practice. I see the doctor-patient relationship as a seamless blend of problem solving, hypothesis testing, trust building and appreciation of the patients' confidentiality. Above all, I believe in the approach of treating humans as a whole appreciating that we have bodies that live, minds that think and a soul to feel.

Objective

: Continue Clinical Practice and do the patient care.
