# **CONVERTED RECORDS**

The University converted to a machine record with the Fall Semester 1983. A student enrolled both before and after Spring 1982 with have two records. One record will be black on purple produced by xerography. The other will be black on purple produced by computer. An \* next to the individual's student number indicates that a second record exists.

During the 1994 Spring Semester we converted from a two digit numeric to a three digit numeric/alpha department number designation. All course records back to 1983 were converted to the three digit system.

Beginning with the fall semester of 2011 the university converted departmental designations from a three digit numeric to up to an eight digit alpha designation.
